

Claims

- 5 1. A steering wheel comprising a hub, a steering wheel rim and at least one spoke connecting said hub and said steering wheel rim, at least one of said steering wheel rim and said spoke having a skeleton and a sheathing surrounding said skeleton, said steering wheel further comprising at least one decorative element and at least one clamp element at which said decorative element is latched, said clamp element at least partly encompassing said sheathing.
- 10 2. The steering wheel as claimed in claim 1, wherein said sheathing has at least one recess for accommodating said clamp element.
- 15 3. The steering wheel as claimed in claim 1, wherein said clamp element has a first latching element and said decorative element has a second latching element, said first and second latching elements making a latching connection with each other.
4. The steering wheel as claimed in claim 1, wherein said clamp element has portions which are directly supported by said skeleton.
- 20 5. The steering wheel as claimed in claim 1, wherein said decorative element peripherally surrounds said steering wheel rim at least in portions as seen in cross-section, and wherein said steering wheel rim is surrounded by an inlay in a portion which is not surrounded by said decorative element.
6. The steering wheel as claimed in claim 5, wherein said inlay consists of a foamed material.
- 25 7. The steering wheel as claimed in claim 1, wherein a leather coating is provided by which said steering wheel rim is at least partly surrounded, said leather coating comprising edges which are clamped below said decorative element.

8. The steering wheel as claimed in claim 1, wherein said clamp element is clipped to said sheathing.

9. The steering wheel as claimed in claim 1, wherein said clamp element does not protrude into said sheathing.

5        10. The steering wheel as claimed in claim 1, wherein said sheathing is one of a foam casing and an injection-molded casing.
